

WASTE CONNECTIONS, INC.
Connect with the Future®

Trash carts are picked up by a truck with an automated arm that attaches to the cart. The cart will need to be placed **within 2 feet of the curb** (unless you have made other arrangements with WCI) and cannot be placed near cars, telephone poles, mailboxes, trees, or anything that might get in the way of service, including your recycle cart. Please fill your cart completely before placing bags outside of the container, and do not use straps or tie lids down. **Please place your recycle cart within 3 feet of the curb and 2 feet away from your trash cart**, so the driver has quick access to the cart. **Both carts need to be set out by 6:00 a.m. on your service day.**

Get Rewarded For Recycling!

We invite you to recycle in a whole new way and finally be rewarded for recycling. Waste Connections and RecycleBank, the premier environmental rewards and loyalty program, have partnered to provide a sustainable and effective recycling program that rewards the city, its citizens, local businesses, and the environment. One of the best things about this program is that it is Single-Stream Recycling. Everything goes into one 95-gallon cart. There is no need to divide recyclables into separate containers or bags.

Recycle the following items to receive your rewards points:

- * Corrugated cardboard
- * Magazines
- * Other Light-Colored Office Paper
- * Aluminum Cans
- * Newspapers
- * Chip Board (cereal, pop, shoe boxes, etc)
- * Glass Containers (clear, amber, green, etc)
- * Steel Cans
- * Junk Mail
- * Plastics #1 - #7
- * Clean Aluminum Foil
- * Phone Books

Recycling with Waste Connections and RecycleBank is Easy and Rewarding

RECYCLE

Place all your recyclable materials into your recycling cart for curbside pick up.

RECORD

The recycling carts have an identification tag that is recorded by the recycling truck.

REWARD

The amount recycled is converted to RecycleBank Points, which can be used to order rewards.

Every other week, Waste Connections will weigh all household recyclables on your route. Your cart will have an ID tag that is recorded by the recycling truck and associated with each resident's address. We will convert this information into RecycleBank Points. The amount recycled is translated into reward coupons from local and national stores. An average recycler can earn \$20 worth of coupons per month and \$240 annually.

Each resident must register their RecycleBank account to begin receiving points. For more information on the RecycleBank please visit www.recyclebank.com or call toll free 1-888-727-2978
